DETAILED ACTION

The applicants' response, which included cancellation of claims 2, 9 and amendment to claims 1 and 8, filed 11/20/2006 under 37 CFR 1.116 in reply to the final rejection has been entered.

Upon further consideration, some minor issues were found, which needed an amendment to claims by examiner's amendment but due to lack of time the following action has been taken. the Finality of the previous office action is withdrawn to apply new grounds of rejections.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 and 3-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Any claim not specifically rejected is rejected herein as it is dependent on a rejected claim.

1. Recitation of "G has the following structure." after R₄ of proviso c is renders claim 1 and its dependent claims 3-8 indefinite as it is unclear as to whether this G choice is part of the proviso or a new choice for G. An appropriate correction or clarification is needed.
2. In addition, last line of claim 1 recites p values but there appears to be no p variable in claim1 or its dependent claims 3-8.

Allowable Subject Matter

Claims 1 and 3-8 would be allowable barring finding of any prior art in a subsequent search, if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
